The Seagate Hotel, Golf & Beach Club in Delray Beach, Florida, has become part of Marriott Bonvoy's Autograph Collection after completing a \$55 million renovation. The property, located on Atlantic Avenue near the ocean, is the first Autograph Collection hotel in Delray Beach.

The renovation encompassed the hotel, a private beach club, and a golf club. The Seagate Hotel features 157 guestrooms and suites, offering a boutique resort experience. The redesign was led by Turnberry, which continues to own and operate the property.

The renovation included updates to various facilities. The hotel now features over 20,000 square feet of meeting and event space, redesigned to accommodate a range of gatherings. The Beach Club was upgraded with a new pool deck, cocktail bar, and terrace lounge. The Golf Club's 18-hole course was modernized, and the spa was expanded to 8,000 square feet, offering nature-inspired treatments.

The Seagate Hotel also introduced new dining options. These include Bourbon Steak by Chef Michael Mina, Mr. Seas, and Venetian Street. The Gate Café offers a variety of casual dining options throughout the day.

Seagate's inclusion in the Autograph Collection allows it to participate in Marriott Bonvoy, enabling members to earn and redeem points during their stay.
